Presentation of book: "Chercheurs d'or noir: une histoire de la recherche pétrolière française au XXe siècle", (Peter Lang, 2024)

13:30

Lunch

14:30

Silvia Giugno, Fondazione Dalmine

Guided visit

15:30

History & Archives: documenting energy: perspectives through visual media

Silvia Giugno, Fondazione Dalmine

Energy traces in the archive

Katya Corvino, Heritage Lab Italgas

Inside and outside the factory: little work stories

Malcolm Cook, University of Southampton

We've come a long way: oil tanker history and useful animation in petroleum industries (online)

Luca Peretti e Giovanni Perolo, University of Milan

Following the flow: energy transportation and visual culture of extraction in Bernardo Bertolucci's "La via del petrolio"

17:00

Energy production and transport in the 20th Century:

Heritage, Archives, History

Giovanni Paoloni, Postgraduate School in Archival and Library Heritage, Sapienza-University of Rome

Conclusions

17:30

End
