Monday 15 June 2026

h 9:30-10:00 arrival

h10:00-11:00 lectio magistralis by Aristotle Tympas

h11:00-11:30 coffee break

h11:30-13:00 panel one - **The Archival Institutions and the archives they hold**

Elizabeth Bartram (The Mills Archive Trust), *Mills, Memories and Megawatts*

Fabrizio Trisoglio and Ilaria Calamera (Fondazione AEM – Gruppo A2A), *Po Valley Water Routes ERIH: Energy Heritage for industrial tourism*

Katerina Konstantinou (Adjunct Lecturer, Panteion University, Fellow of the Research Centre for the Humanities), *Remembering oil-based electricity production: Power Plants and the Remains of Green Transition in the Cyclades*

h13:00-14:00 lunch break

h14:00-15:30 panel two - **The energy researcher, the archives they use, and the institutions which hold them: tracing the history of the electric power sector**

Dimitris Kypriotakis (University of Crete), *Powering Expectations: Electrification, Infrastructure and Urban Development in Interwar Heraklion (1917–1940)*

Séveric Yersin (University of Basel), *Electric regionalism: the 'Interalpen' study group in postwar Europe*

Tijana Rupčić (KTH – Royal Institute of Technology), *Wired Between East and West: Reconstructing Yugoslavia's Electrical Infrastructure Through Fragmented Archives*

h15:30-16:15 visit to the PPC Historical Archives Exhibition

h16:15-17:45 panel three - **The energy researcher, the archives they use, and the institutions which hold them: tracing the history of wind energy**

Kolya Abramsky (World Wind Energy Association), *The British Electrical and Allied Industries Research Association archival collection relating to Wind Power Generation - a key to understanding post WW2 history of wind energy development*

Marianna Dudley (University of Bristol), *Tracing 'Electric Wind' through the Archives*

Anna Batzeli (Democritus University of Thrace), Luke Davis (Archives Portal Europe), *Archives Portal Europe: A Tool for Energy History Research*

h17:45-18:00 presentation of the "Eogan at 15" special issue of the Journal of Energy History / Revue d'histoire de l'énergie (JEH/RHE)

h18:00-18:30 visit to the Historic Site of the PPC

h20:00 Eogan dinner

Tuesday 16 June 2026

h10:00-11:15 panel four - **Material for the archives of the future**

Dimitris Lagouvardos, Yannis Fotopoulos, Stathis Arapostathis (National and Kapodistrian University of Athens), *Decarbonizing energy or 'greening' incumbents?: Regime Dynamics between RES and Hydrocarbons*

Hui Chen (Central China Normal University), *Standardization of Archives Management for Sustainability and Renewable Energy Engineering Projects: Enabling Efforts to Achieve Carbon Neutrality in China*

h11:15-11:30 coffee break

h11:30-13:00 panel five - **Tracing the history of the gas sector**

Katya Corvino, Matteo Allasia (Italgas Heritage Lab), *From “Ground Zero” to Digital Recomposition: Reassembling Greek Gas Corporate Memory through the Heritage Lab Model*

Suryapratim Roy, Alexandru Gociu (Trinity College Dublin), *The Bravo Platform Blowout in the British Parliamentary Archives*

Maria Florou (Head of the Museum Department, Technopolis City of Athens), *The Athens Gasworks' legacy: from energy transition to social and cultural sustainability*

h13:00-13:45 lunch

h13:45-14:30 plenary Eogan AGM

h14:30-16:00 panel six - **Tracing the history of other renewable energy technologies**

Silvia Giugno, Carolina Lussana (Fondazione Dalmine), *Steel Pipes for Water, Water for Clean Energy: an industrial product in archival sources*

Benjamin Léduc (Projet Éole), *Projet Éole : On the trail of a giant*

Konstantinos Gkarakis (Derby University), *Engineers as Accidental Archivists: Tracing Early Renewable Energy Projects in Greece*

h16:00 end of Eogan 2026
